

CAPABILITIES STATEMENT - Linguistic Testing

COMPANY OVERVIEW

Gracor Language Services has provided customized language services at a regional, national and international level for over 20 years. Operating as a small and proven business, Gracor can take on projects both large and small while offering a close and personal touch that can gladly fulfil any need or request.

CORE COMPETENCIES

Gracor's linguistic testing program...

...is proven and established. Gracor's program has been performing proficiency exams for over 12 years.

...quality management. Gracor is certified ISO 9001:2015.

...can handle volume. Gracor has provided over 10,000 linguistic tests per year and at times has processed over 500 tests per week. Can handle surge testing as well as weekly testing.

...has both common and uncommon languages. Gracor has tested in over 100 Languages and Dialects.

...handles all modalities. Gracor has testing in Interpretation, Listening, Speaking, Reading, Writing, Translation, and Audio Translation Performance.

...testing scale. All Gracor's tests are both developed with the Interagency Language Roundtable (ILR) in mind and scored to the ILR.

...offers CEFR testing. Gracor has a robust testing program with over 40 languages within the Common European Framework of Reference for Languages (CEFR) network.
